On 3rd December 2019 the Säätiöiden post doc -pooli foundations awarded some 1.41 million euro to 29 post-doctoral scholars.

Altogether 141 post-doctoral scholars from around Finland took part in the autumn application round. Thus a grant could be awarded to 20 % of the applicants.

Säätiöiden post doc -pooli has proven to be an important instrument of research funding which has enabled young scholars with families to finance research periods at top universities abroad. The grants awarded by the Pool are determined flexibly in accordance with the applicant’s needs and they often include their family’s moving expenses and children’s day care or school fees.

The Pool has a role in making Finnish research more international. After twenty application rounds 560 scholars have already received funding through the Pool for at least a one-year research period abroad. Nearly one third of the grants have been awarded for two-year periods.

The Pool’s next application round will take place from 15 December 2019 until 15 January 2020, when some 1.6 million euro will be given in grants. The results of this round will be published in April 2020.

The Säätiöiden post doc -pooli was set up in the autumn of 2009. During the fourth three-year-period 2019-2021 there are thirteen foundations involved, allocating altogether 3.2 million euro annually to the pool.
